## Dewey, Taft Confer

Gov. Thomas E. Dewey (right) confers with Sen. Robert A. Taft, his closest convention rival, during a New York meeting to map party campaign strategy. Many observers feel that their task was made easier by the Democratic party split which came to a head last night as the Southern rebels nominated Gov. Strom Thurmond for the presidency.

## Communist Prestige Hurt By Futile General Strike

Editor's note: The Italian general called "insurrectional" there was a strike following the shooting of the East-West struggle. Communist boss Palmiro Togliatti. They made it plain that they were widely viewed as a Communist attempt to take over Italy. It failed under the firm policy taken by Premier Alcide De Gasperi. In this article, Charles H. Guphill, Associated Press chief of bureau in Rome, evaluates the effects of the strike, the rioting and the attempted assassination of Togliatti on Italy and the East-West struggle.

By Charles H. Guphill  
Rome, July 17.—(AP)—The three revolver shots fired into Communist leader Palmiro Togliatti this week by an irresponsible Sicilian law student brought Italy fearfully close to the kind of civil war which could spread around the world.  
They touched off 36 hours of Communist-inspired violence in this salient of the East-West struggle which challenged the authority of Premier Alcide De Gasperi's government, killed 16, wounded more than 200 and damaged the country's economic recovery effort.  
The final result, on the balance, was a setback to the prestige of the Italian Communist leadership and a strengthening of the government's position.  
**Strike Offers Warning**  
But despite the failure of the general strike—which the government

## Jerusalem Battle Ceases, But War Goes On Elsewhere

By Max Boyd  
Cairo, July 17.—(AP)—Fighting stopped in Jerusalem today but the war roared on elsewhere in Palestine.  
Twin-engine planes bombed Tel Aviv in seven sorties today. The Israeli government announced. One of the raiders was shot down, the announcement said. Six persons were reported killed and 20 wounded.  
Israeli planes struck at Arab troop concentrations and communications in the Tulkarm area of central Palestine and at Syrian concentrations at Mishmar and Hay Yarden in northern Galilee.  
Count Folke Bernadotte headed for the Holy Land with belief that the Arabs will accept the United Nations cease-fire order before the three-day time limit expires Sunday. Israel accepted the cease-fire yesterday provided the Arabs agree.  
But there is little expectation here the Arabs will obey the U.N. order. Many Arabs here believe the Arab states will (1) continue fighting, (2) wait to see whether the Security Council will adopt sanctions and (3) then decide whether to impose counter-sanctions, such as suspending oil deliveries to the United States Navy and Western Europe.

## Child, 5, Killed In Gun Accident

Hammond, Ind., July 17.—(AP)—The five-year-old son of an East Chicago refinery worker was killed yesterday by a blast from an old .32 caliber revolver while playing cops and robbers with an older brother.  
The victim was Robert David, son of Mr. and Mrs. Clifford David of R. R. 2, Griffith. He had been playing with his nine-year-old brother, Harold, when the accident occurred in their home.

**ILLINOISANS AT BIRMINGHAM**  
Birmingham, Ala., July 17.—(AP)—Persons registering today at the states' rights convention included: Ralph Bolser, Freeport, Ill., and Alice Mann, Chicago.

## Father Farrell, Danville Pastor, Dies Suddenly

Danville, Ill., July 17.—(AP)—The Rev. John P. Farrell, 47, pastor of St. Paul's Catholic church, died suddenly today of a heart ailment.  
A native of Champaign, he formerly served as chaplain at the Illinois state reformatory at Pontiac for nine years. He was a former athletic director at Trinity high school in Bloomington. Before entering the priesthood, Father Farrell played semi-pro baseball with the Wabash league.  
He served in parishes at Bloomington, Bushnell, Ottawa and Rushville. A brother, Rev. Edward M. Farrell of Princeton, Ill., survives.

## City Blamed For Beer Drinking Kids

Detroit, July 17.—(AP)—If children in a section west of Detroit have taken to drinking beer, don't blame them. Blame the water department.  
That was the complaint, at any rate, of an angry housewife who charged that water pressure in the area is so low young children "have to drink beer because there's no water."  
Laurence G. Lenhardt, general manager of the water department, admitted "it's quite a problem." Until something can be done about it, however, he suggested that children drink milder beverages.

## Top Officials Believe Berlin War Threatens

By John M. Highower  
Washington, July 17.—(AP)—In the opinion of top American officials Russia is pressing the Berlin crisis dangerously close to open warfare this weekend.  
The possibility of one or more deadly incidents in the air corridors leading to Berlin is now rated high since the Russians announced they would make extensive training flights across the routes traveled by western cargo planes.  
One highly placed authority reported that the Russians appeared to be misjudging entirely the determination of the western powers to stick in Berlin. He withheld the use of his name.  
**Allied Diplomats Failed**  
If this analysis is correct it means a complete failure to date of the American-British-French diplomatic effort to impress on the Kremlin the firmness of their Berlin policies. The Russian blockade of Berlin has continued.  
Since the end of the last war State Department and military experts here have generally taken the line that a new conflict—with Russia—could only result from blundering by one side or the other in the "cold war." Berlin has always been regarded as one of the danger points; others have included Vienna and Trieste.  
**Hot-Heads Rule Politburo**  
There is a strong belief here that the hot-heads in the politburo have gained the upper hand over those who normally might caution restraint. Some of Russia's actions were described as almost directly provocative. An example is the deliberate assignment of an unusually large number of planes to make training flights in areas where American or British transport craft may run into them.  
According to one theory much discussed by government policy makers, the Russians may be pressed into rash actions by a kind of desperate

## Russ Official Says Reds Successfully Developing Jets

London, July 17.—(AP)—Nikolai Bulganin, armed forces minister of the Soviet Union, said tonight Russia is "successfully developing our multi-engine and jet-propelled aviation," the Moscow radio said.  
The broadcast, heard in London, said Bulganin had broadcast an Aviation Day order calling on Russian airmen to continue "strengthening the might of the air force of the U. S. S. R."  
This order was brief and addressed to Soviet aviation industry workers as well as military fliers. The Moscow radio said Bulganin wished to both groups "new successes in the sphere of further development of modern aviation technique."

## Lawmakers Offer Proposals For Special Session Action

Washington, July 17.—(AP)—Meat rationing and oleomargarine tax repeal were added today to the legislative bill-of-fare that Congress will look over when it returns a week from Monday.  
A new anti-Communism bill also was an added starter. Proposals for all three came from the lawmakers themselves, not from the White House.  
The trend appeared likely to spread. President Truman can and did call Congress back; he can tell Congress what he wants; but he can't make Congress stick to that program.  
The Republicans, as well as Mr. Truman, face some prospective headwinds in the dog-days session. But they also have an absolute majority in both houses—a great specific for legislative headwinds.  
Rep. J. W. Wadsworth (R-N.Y.) brought up the meat rationing proposal. What he wants is a law which would let the president set up rationing and let Congress end it when it chose.  
The president had advocated stand-by ration and price control powers, although he did not confine the proposal to meat.  
Repeal of federal oleomargarine taxes was pledged by the Democratic party's 1948 platform. Senator McClellan (D-Ark.) didn't like a lot of things about that platform but he's red-hot for this plank. He predicted that the repeal bill, already approved by the house, will be brought up in the Senate and passed there, too.  
Rep. Mundt (R-SD) plans to whip up the new anti-Communism bill. He was one of the authors of the Mundt-Nixon bill passed by the House last spring but pigeonholed in the Senate. Mundt said the new bill would make it plain it does not attempt to outlaw the Communist party. At the same time, it would put some heavy hammers on Communist activity.

## Manila Ceases To Be Capital Of Philippines

Manila, July 17.—(AP)—Manila ceased to be the official capital of the Philippines today as President Quirino signed a bill moving the republic's seat to Quezon City, 10 miles northeast.  
Manila will remain the actual capital for more than a year, however, until new buildings are erected. Quirino said Manila now had a population of almost 2,000,000, and the move was necessary to relieve congestion.  
He commented: "From now on Manila will be our show window and Quezon City our workshop in so far as our government is concerned."  
Quirino said master planning for construction was to be completed within a year, as "I want to lay the cornerstone of the new capital myself."  
In moving to Quezon City, the Philippines government will be realizing the dream of the late Manuel Quezon, first president of the commonwealth.  
Quezon planned the suburban development in 1937, choosing a largely uninhabited tract of land higher and with a cooler climate than Manila. He named it "New Manila" but the old commonwealth legislature shortly changed it to Quezon City in his honor.  
**FLYING BOAT SINKS**  
Hong Kong, July 17.—(AP)—A Catalina flying boat crash-landed and sank on its scheduled short hop from Macao to Hong Kong last night, and 25 persons were reported to have perished.  
**WAR DEAD EN ROUTE HOME**  
Manila, July 17.—(AP)—The Dalton Victory was en route to the United States today with 3,962 bodies of American war dead. It was the third ship to carry war dead from the Philippines from this theater.

## Marshall Says U.S. To Keep Pressing For Atom Control

Washington, July 17.—(AP)—Secretary of State Marshall said today the United States will keep pressing for effective international control of atomic energy despite the deadlock with Soviet Russia over the issue.  
Harnessing the atom to peaceable purposes alone, Marshall said, "remains a paramount problem of humanity." It promises a renewed dispute with Russia at the September session of the United Nations general assembly.  
Summarizing the major issue dividing the U.N. majority and the Soviet bloc, Marshall said: "The majority believes, and the United States agrees, that the international agreement setting up the control system should provide for the prohibition and elimination of atomic weapons from national armaments."  
The Soviet Union on the other hand continues to insist that a convention prohibiting atomic weapons should be signed, ratified, and put into effect and the weapons destroyed, before consideration is given to any system of control.

## Donovan Suggests World Retaliation Against Soviets

Berlin, July 17.—(AP)—Maj. Gen. William (Wild Bill) Donovan urged world-wide retaliation against the Soviet Union today.  
He suggested at a news conference that the Western Allies might deny the Russians access to the Panama and Suez canals and to the Kiel canal in Germany.  
He said also that the Western Powers might urge Turkey to take measures in the Dardanelles to prevent the passage of Soviet ships.  
The U. S. Air Force made 261 flights into Berlin in the last 24 hours ending at 9 a.m. E.S.T. They carried 1,451 tons—1128 tons of food, 320 tons of coal and three tons of mail.  
The RAF in the 24-hour period ending at 11 a.m. E.S.T. made 155 flights, with tonnage not announced.  
"The flow of food into Berlin is now considered satisfactory," a British statement said.

## 'Voting Guide' For Fall Election Published By CIO

Washington, July 17.—(AP)—The CIO today published a "voting guide" on the 80th congress and urged heavy balloting in November to elect a set of lawmakers "responsive to the needs of the people."  
The "guide" consisted of the voting record of senators and representatives on 16 key issues in the House and Senate.  
The issues used to measure the voting of congress members included: the Taft-Hartley labor act, anti-inflation measures, housing, rent control, taxes, European aid, fund cuts for the labor department, reciprocal trade, and social security.  
The labor organization cautioned that its "guide" should not be regarded as a "black list" or "purple list" but as an aid to voters to decide for themselves if legislators "deserve another term in office."  
The CIO promised to revise its "guide" if congress acts on the "unfinished business" at the forthcoming session called by President Truman.

## Cominform Paper Banned From Sale In Yugoslavia

Bucharest, Romania, July 17.—(AP)—Yugoslavia has banned sale of the Cominform's bulletins, which have been blasting the regime of Premier-Marshall Tito.  
The latest bulletin of the Cominform Information Bureau, issued 18 hours late, protests the ban as "another disgraceful act," and orders that the edition of the bulletin in the Serbian language be suspended.  
The newest Communist propaganda offensive against Tito included a virulent article by Ana Pauker, foreign minister of Romania, who declares that liquidation of Tito's regime "is a matter of life and death to the Yugoslav Communist party."  
The mistakes of the "sectarian bureaucratic regime in the Yugoslav Communist party" cannot be righted, Mrs. Pauker says, adding that the system prevailing inside the Communist party of Yugoslavia reflects the profoundly incorrect and harmful attitude of its leaders.  
**LOSES LEG—AGAIN!**  
Auburn, Me., July 17.—(AP)—A train cut off Levi C. Morin's left leg for a second time today.  
The 49-year-old shoe plant worker lost his leg in an accident in 1936. Today, he stumbled and fell on the Grand Trunk railroad tracks and the train cut off his wooden leg, the country's top mark, 110.

## Southern Demos Pick Thurmond For Race

**Prophesies War  
In 90 Days Or  
Permanent Peace**  
Des Moines, July 17.—(AP)—The United States and England have decided on a showdown with Russia to achieve a peace settlement even at the risk of war, Gardner Cowles said tonight in a dispatch from England to the Des Moines Register.  
Cowles, president of the Register and Tribune Co. and president of Look magazine, added:  
"Their hope is that if we can convince the Kremlin we are ready to fight, as the only alternative to further appeasement and retreat by us in eastern Europe, then Russia will decide the time has come for a general peace settlement."  
Cowles reported that top British and American officials have concluded that continuation of the present constant threat and apprehension of war would prevent any real recovery in western Europe, even with aid under the Marshall plan.  
"Hence the only alternative is to try to force a general peace settlement, setting the boundary of the Soviet sphere of influence at a line as we feel we can permanently hold by military, economic and political means," Cowles said.  
This is the meaning of our present firmness in Berlin, he claimed.  
"The next 90 days may well bring war or the basis of a permanent peace. Thirteen top men in the Kremlin will decide which it is to be," the publisher said.

## Mississippi's Gov. Wright Gets V-P Nod

by Leroy Simms  
Birmingham, July 17.—(AP)—Rebel southern Democrats today named two Dixie governors to lead a fight to take the solid south from Mr. Truman in November over racial issues.  
Gov. J. Strom Thurmond of South Carolina was selected for president and Gov. Fielding L. Wright of Mississippi for vice president.  
Earlier they had announced the southern ticket would make the campaign in Missouri and 14 other states, including all of the usually heavily Democratic deep South.  
The resolution nominating the two men also called another meeting of southern revolts here Oct. 1. Unlike today's session, the October meeting would be limited to delegates from each state numbering the same as their presidential electors.  
**Bring Overflow Crowd**  
Today's sessions were noisy. Police Chief Lloyd Eddins estimated the afternoon crowd at 7,500, considerably more than capacity of the auditorium here. Eddins said several thousand more were outside, listening to the meeting over loudspeakers.  
The morning attendance was estimated at 6,000.  
As the meeting proceeded, both the principal speakers and the resolutions committee's "declaration of principles" stressed resentment in this section over racial measures advocated by the president.  
These proposals were endorsed by the Democratic convention earlier this week at Philadelphia. Half of the Alabama and all Mississippi delegates walked out in protest.  
**Hope For 100 Electoral Votes**  
Rebellious factions here hoped to elect Truman more than 100 electoral votes from states which normally are the most heavily Democratic in the nation.  
The statement of principles, similar to the usual party platform, devoted major attention to civil rights.  
"We stand for segregation of the races and the racial integrity of each race," the committee reported. It also approved "the constitutional right to choose one's associates; to accept private employment without government interference; and to earn one's living in any lawful way."  
**2,500 Delegates Present**  
Former Gov. Frank M. Dixon's keynote speech brought a parade of state flags and screaming delegates. Manager Ted Brownell of city auditorium estimated attendance at more than 8,000. This included about 2,500 registered delegates.

## Ford Workers Complete Strike Vote This Weekend

Detroit, July 17.—(AP)—The 116,000 Ford Motor Co. production workers across the nation are finishing a strike vote this weekend.  
Union spokesmen predicted they would favor the walkout by a large majority.  
The 100-man Ford council of the CIO United Auto Workers already has supported a strike after weeks of deadlock over wages and other contract issues, and the UAW-CIO's international executive board will be asked Monday to give its assent.  
The gate was not entirely closed against a last minute compromise, such as averted a walkout a few hours before the 1947 deadline. Both sides said they were willing to resume negotiations. But neither wanted to make the first move in that direction.  
Ford offered to add 13 cents to the current average production wage of about \$1.52 an hour. It also promised other contract improvements.  
The UAW-CIO wanted a 14 cent an hour boost, plus social security grants that brought the total to about 21 cents.  
Scampton, England, July 17.—(AP)—Giant Superfortresses flying with fully loaded guns zoomed into British bases today in a spectacular display of America's might.  
They were manned chiefly by combat-hardened crews. They touched down at Scampton, Waddington and Marham fields on the western edge of East Anglia—the flat country from which the Eighth Air Force mounted its World War II air attacks against Germany.  
Those fields were chosen as bases, because of the length of their runways.  
The Superforts bomb bays were empty. When the planes landed, the gunners carefully removed the belts of ammunition from the gun feedways. The crews were confined to their bases for 48 hours. No explanation was given.  
The first 48 of the bombers arrived today. A dozen more are still to come from Goose Bay, Labrador, with the next arrival due at dawn. U. S. air force officials said servicing crews at Goose Bay were too small to get all 60 planes off today.

## Set Up Education "Clearing House" On Social Sciences

Washington, July 17.—(AP)—The Office of Education set up a "national clearing house" of information on the social sciences today.  
One of the first functions of the new agency, said its director, will be to study the relation of atomic development to the teaching of history, geography, economics and other social sciences.  
Another will deal with the teaching of American democracy in colleges.  
Director of the new unit, which will serve colleges and universities, is Dr. Claude E. Hawley, Waukegan, Ill., wartime chief under General MacArthur of psychological warfare against Japan.  
Hawley comes to the Office of Education from Los Angeles where, as an adviser to Mayor Fletcher Bowron, he developed a decentralization plan of city government for submission to Los Angeles citizens.  
Hawley, a University of Chicago graduate, formerly taught at Northwestern university and the Universities of Missouri, Florida and Southern California.  
Temperatures were near or slightly above normal over most sections and night temperatures ranged from 64 at Boston to 94 at Phoenix, Ariz. Yesterday the mercury hit 108 at Grand Trunk railroad tracks and Phoenix, but Fresno, Calif., reported the country's top mark, 110.  
**7-YEAR-OLD KILLED**  
Peoria, Ill., July 17.—(AP)—Robert Martin, 7, son of a Salvation Army officer, died last night four hours after his skull was fractured when he fell from a horse and was dragged a quarter of a mile.  
Chauncey Woods, Peoria county coroner, who is investigating the death, said the boy's foot caught in the stirrup when he fell.  
**WEATHER**  
The Norbury Sanatorium, cooperative observer for the U.S. Weather Bureau, yesterday reported official temperatures for Saturday as: high 89; low 69; and at 7 p.m. 82. Forecast for Illinois—Partly cloudy Sunday. Not much change in temperature.

## First U.S. Jets Reach Greenland

Marsarsuak, Greenland, July 17.—(AP)—Completing the first over-ocean leg of their pioneering jet plane flight to Europe, 16 U. S. Air Force P-80 Shooting Stars landed here 6:10 p.m. Greenland time (3 p.m. Central Standard Time) today.  
They touched down 1 hour and 50 minutes after taking off from Goose Bay, Labrador, which is 776 miles southwest of Marsarsuak.  
Japan is almost entirely dependent on outside sources for its coal.

### Recapture The Spirit Of Youth— Don't Miss The Soap Box Derby

Our experience in competitive sports began at a grade school "field day" when they put up an assortment of prizes for youngsters who could run fastest, jump farthest, and travel with the least difficulty under such handicaps as a gunny sack around the legs, or with one leg bound securely to someone else's leg. Our specialty was the running broad jump. A 50 cent pocket knife was offered for first place—three dozen bananas for second. All boys in that particular age class were eager to capture prizes. It was a great honor to finish first in an event, and to exhibit a prize. Every boy put everything he had into the contests. They almost "busted" themselves to win trinkets costing less than a dollar. Compared to the gold and silver trophies offered in the Journal Courier Soap Box Derby these were mere baubles. A pocket knife or a sack full of bananas can hardly be matched with a four year college scholarship such as the national champion will receive at the Soap Box Derby finals in Akron, Ohio, or a new automobile which will be presented to the runner-up. But competitive spirit among teen age boys has always been keen. Whether jumping, foot racing or driving Soap Box cars, the urge to win burns fiercely in the hearts of all young contestants.

We won the knife. It wasn't much, but it made us happy. We can picture the unrestrained joy of some Jacksonville boy Sunday when he crosses the finish line first in the championship heat of the annual classic.

The Journal Courier Company is proud of its association with the Soap Box Derby which it has sponsored in cooperation with the Corn Belt Chevrolet Company for some years. The Exchange club has done much to promote and popularize the event. Its members have become expert in handling the race program such as starting, timing and patrolling the course. The Jacksonville Derby has become one of the best managed in the nation, according to officials who have visited this city.

Boys construct and assemble their own race cars. The 46 fleet little cars which will participate in Sunday's event on Grove street are the result of weeks and months of careful planning and testing. Building Soap Box cars is a wholesome job for teen age boys. Racing them for honors and valuable prizes is an event which has set new standards in sportsmanship.

The Journal Courier urges citizens of the Jacksonville area to witness all the thrills of Derby Day on Sunday, July 18, beginning at 1 p. m. (Daylight Saving Time). Each boy who eagerly awaits Derby Day will be encouraged by the thousands who line the course each year. The crowd will capture the enthusiasm of youth as the contestants glide down the starting ramp to the finish line. Spectators will share the thrills of these plucky youngsters who dream of victory here and at Akron, where later this summer the fastest Derby cars of the nation will vie for final honors. Interest such as has been manifested here may produce a national champion. That would indeed bring supreme honors to Jacksonville and to the men who have encouraged the Soap Box Derby since its inception.

The name "Hong Kong" derives from two Chinese characters meaning "sweet stream" and "fragrant port."

### GROVE STREET EMPTY—BUT NOT FOR LONG!

Any resemblance to the above street scene and the same place this afternoon at one o'clock is strictly coincidental. This is the view 46 eager boys will get from the top of the Derby ramp—minus thousands of cheering spectators, of course.

The big ramp will be built east of Illinois college campus. One thousand feet east, approximately Westminster street, a thin white line will cut the street. On that line will be focused the eyes of thousands as Jacksonville salutes its youth on All American Soap Box Derby day. For on that line champions will be born and perhaps a world's champion.

All arrangements are complete for the big Derby Sunday afternoon.

### Hold Clinic For Crippled Children At Carrollton

Carrollton—A crippled children's clinic, sponsored by the American Legion Auxiliary of this city, was held Thursday in the public school building, where 40 children were registered for examination by a pediatrician, a bone specialist and speech correctionist. The clinic is planned each year by Miss Tice of Edwardsville, district nurse, and the attendance is growing yearly.

Mrs. Olin Stead and Mrs. Ina Barnhart assisted with registering the children. Lunch was served them by Mrs. Arch Howard, Mrs. Wesley Carpunky, Mrs. Mather Roll and Mrs. John Carter as representatives of the local P.T.A.

### Homemakers 4-H Meets In Glasgow

Glasgow—Kathleen Hester was elected assistant secretary at the recent meeting of the Glasgow Homemakers 4-H club held at the home of Jean and Mary Hutchings. A demonstration on rolled sugar cookies was given by Mary Lou Hutchings, and a quiz program was conducted by Mary Hutchings. Piano solos were played by Janet Hester and Mary Hutchings, after which games were played.

Refreshments were served by the two hostesses, assisted by their mother, Mrs. Troy Hutchings. Members of the Daily Vacation Bible school which has been conducted during the past two weeks gave a short program before the regular church service Thursday evening. The school has been under the direction of Miss Mildred McEvers, assisted by Mrs. Dale Blair and Mrs. William Cunningham.

### Home Bureau Unit In Glasgow Meets

Glasgow—The Glasgow Home Bureau unit met Thursday at the home of Mrs. Charles Jones.

Mrs. John L. Sherwin presented the major project on "Use of Family Finances." Jean Hutchings, a 4-H member, gave a demonstration on the making of salad as the minor lesson.

The next meeting will be August 19 at the home of Mrs. Abner Day. On August 22 a potluck picnic will be held at the Glasgow Sportsman's club for members and their families.

The Rev. Arnold R. Wake of Farmington, Ill., who has been called for a three-month's trial term as pastor of the Glasgow Baptist church, will conduct church services here Sunday morning and evening.

The Rev. Roy Rutler of Chambersburg, Pa., held the last of a series of nightly evangelistic meetings at the Baptist church on Friday night.

Oregon is known as the "Valentine State" because it was admitted to the union on St. Valentine's Day, 1859.

### DERBY DAY PROCLAMATION

Whereas, the All American Soap Box Derby, sponsored by newspapers and civic organizations throughout the United States and Canada, will be conducted on July 18 in Jacksonville, and,

Whereas, the youth of our city will compete in the spirit of true sportsmanship in a supervised race of vehicles planned and constructed by them in accordance with national rules, and

Whereas, this event is outstanding through its stimulation of American ingenuity and enterprise among the youth of this city and this nation, and

Whereas, this event creates a great interest among our people in youth programs which will serve to inspire more programs designed to assist in teaching boys to exercise their natural talents and skills, and

Whereas, this classic boys' event offers opportunity to develop a splendid spirit of friendship, goodwill and cooperation in the city of Jacksonville, as we unite to pay our tribute to youth,

Now, therefore, I, Ernest L. Hoagland, Mayor of the City of Jacksonville, do hereby proclaim July 18 as All American Soap Box Derby Day and invite our citizens to view the event and urge all our male youth to participate in programs such as this one.

ERNEST L. HOAGLAND,  
Mayor of Jacksonville.

## Audit Bureau Survey Shows Large Growth In Retail Trade Area

Jacksonville's retail trade area has expanded rapidly during the past few years as shown by a survey just completed by the Audit Bureau of Circulations, of which the Journal Courier is a member. The trade area has grown from 68,583 to 78,787, a gain of 10,204, based on 1940 census figures.

The Audit Bureau of Circulations conducted its survey among merchants upon which it based its revised estimate of the number of persons residing in the local trade area. The growth of the area is figured from a geographical standpoint and does not take into consideration the population increase since 1940.

The Bureau's statistics revealed that the Jacksonville trade area mushroomed into several adjacent counties to a greater distance than at any time in history. All of Morgan, Scott, Cass and parts of Sangamon, Macoupin, Greene and Pike counties are included in the recognized trade area. Brown county is not listed by the Audit Bureau of Circulations, but it is known that this city derives considerable trade from that area.

### WAR QUESTION LANDS YOUTH IN JAIL

Dusseldorf, Germany—(P)—Asking General Lucius D. Clay, American military governor in Germany, for the date of the outbreak of World War III landed a young German in an insane asylum.

A British military court ordered the transfer of 22-year-old Guenter Quentin to an asylum after psychiatrists found him mentally deranged. Quentin had posed as an English citizen, called Gen. Clay on the telephone in his Berlin headquarters and asked him for the approximate date of the outbreak of the next war.

### V.F.W. Auxiliary To Raise Funds For Polio Heater

Officers of Veterans of Foreign Wars, Morgan county post 1379, announced Saturday plans for an annual magazine subscription campaign by which funds will be raised for the purchase of a new portable Vollrath Polio-Pak heater, specially designed to produce hot packs to facilitate the Kenny method of treating infantile paralysis.

Campaign plans will be explained in detail by representatives working under the direction of the auxiliary, each bearing a letter of authorization signed by the officers, Irvell Smith, unit president; Clara Mae Bradshaw, secretary, and Neta Belle Morris, treasurer.

The auxiliary plans to house the heater in Jacksonville in order that people of the surrounding communities may be most conveniently served. It will be available for temporary use in the homes of all residents of Jacksonville, Concord, Franklin, Jacksonville, Litchberry, Meredosie, Murrayville, Prentice, Waverly, Woodson and surrounding rural areas without charge, except for transportation.

The auxiliary in previous campaigns has raised funds and purchased several portable wheel chairs and several pairs of crutches which are housed at the V.F.W. home here for free use.

## Black Jack's Heaven Is "Fiddler's Green"

By Hal Boyle

New York—(P)—It's taps for Black Jack.

But the bugle that blows a final farewell for John J. Pershing, as he sinks to rest among his comrades at Arlington, has already blown goodbye to the army and the wars he knew.

For the American army and the methods of war have changed. The slim, chisel-faced man who earned, in 62 years of service, the highest military rank of General of the Armies, symbolized the army of the past.

He entered the army when it was still chasing Indians whose grandsons now do it all over again for Hollywood.

Decided "To Stick It Out" The prospect of major action seemed so remote, the status of an army officer was then so low in social regard, that Black Jack almost quit the service to study law.

His decision to stick it out has given him a shining page in history which otherwise might have listed him in an obscure and unremembered legal footnote.

Pershing lived by discipline, but disliked his reputation as a disciplinarian. He went into the army of rough, tough, low-paid men who required even in peace, the firm hand any army does in war.

It was still really a frontier army, ruled from the saddle and transported into battle by the horse.

In this kind of army Pershing fought the Spaniards in Cuba, quelled the Moros in the Philippines, and galloped after Pancho Villa in Mexico.

World War I Then he was called to head a mushrooming army of drafted men in a tremendous new kind of war in Europe. It was the war in which men learned—and had to learn fast—that engines, responsive only to their fuel, were better weapons than loyal horses who didn't mind missing their oats occasionally if that helped the boss man get along with his problem.

That terrible discovery broke the heart of the old army, although no horse ever complained. It still disturbs many old officers, sentimental over the hoofbeats of yesterday. After the last war some tried hard to retain the horse cavalry. They lost. They might as well have plugged for a bow and arrow battalion just because they like archery.

Change in Standards As time had to turn more and more to engines and machines, it required more and more skilled and

intelligent enlisted men. And that meant it had to change its standards of treatment—in improved pay and less harsh discipline—to get the talented men it needs. The change is still going on.

Pershing, reared in the tradition of the old army, launched the new American army on its way in 1918. And then he stepped down, and the younger men finished its mechanization.

Less loved than Lee, less personable than Eisenhower, Pershing showed none of Grant's human weaknesses but had the same iron determination and a willingness to pay the price of battle victory.

He died at 87, a military aristocrat as General of the Armies, more admired by his own countrymen than understood. He never made a gesture to gain their affection.

The people who really understood Black Jack were the people like him—the old cavalry comrades he will meet in "Fiddler's Green," the heaven all good cavalymen go to from Arlington.

## 1,400 Will Help Detassel Corn On 5,400 Acres

Carrollton — A corn detasseling army of 1,400 men and women, ranging in age from fourteen years up to the seventies will be working on the 5,400 acres of corn owned by the Columbia Seed Company of Eldred. One thousand persons are working at present and owing to the fact that all of the corn is of approximately the same growth the extra 400 will be put on next week. The work, which begun ten days ago, is expected to last about a month.

Something new in corn detasseling has been added this year in the form of a machine with a platform eighteen inches off the ground on which six men may stand.

An operator is required to operate the machine and the six men work as the machine runs down the corn rows. The one drawback to the six machines in operation here is the continual muddy condition of the corn fields. This muddy condition has caused the owner of Columbia Seed Company, Richard Best, to state that he still prefers the "infantry" in corn detasseling. A similar process of detasseling is in operation on the company's farms in Tennessee and Kentucky.

## Peacetime Result of Atomic Research

Two workmen gingerly carry 20 grams of a radio-active isotope into an underground safety vault at the Ford Motor Company's Dearborn, Mich., applied physics laboratory. The material, one unit of Selenium 75, will be used for experiments in industrial research. A 50-pound, lead-lined, radiation-proof container is used to carry the 20-gram isotope.

## Bluffs Civic Club Names Committee For Annual Picnic

Bluffs—A general committee for the annual picnic and homecoming Aug. 28 was appointed by Harvey Vortman, president of the Bluffs Civic club, at the last regular meeting.

The committee is comprised of Paul Vannier, Harold Bridgman, Fred Muntman, C. C. Klinefelter and Harvey Vortman.

A report on Premier Boys' State was given by Harlan Schone, son of Mr. and Mrs. Dick Schone, and Kenneth Hutton, son of Mr. and Mrs. John Hutton.

Preceding the meeting a supper was served by the ladies of St. John's church, with Harold Bridgman, Harry Koch, Don Sloan, Harvey Vortman, M. J. Raulos and Wendell Brackett acting as hosts.

## Edward Robinson Leaves Hospital

Edward L. Robinson, son of Attorney and Mrs. Carl E. Robinson, 1529 Mount Avenue, returned to his home Friday night from St. Louis Children's Hospital, where he has been a patient for several weeks, and where he underwent a major operation on June 8th.

Edward is much improved in health and his doctors assure him he can look forward to a complete recovery.

He is very grateful to the many friends who sent him cards and letters and wished him well.

Mrs. Robinson accompanied Edward to the hospital and stayed there with him all the time he was there. Both of them are very happy to be home.

## Newlyweds Will Make Home Here After Ozark Trip

In an impressive ceremony before an altar banked with ferns, palms, baskets of white snapdragons, and lighted tapers, Miss Ruth Dorsey Johnson, daughter of Rev. and Mrs. J. A. Johnson, was united in marriage with Russell W. Pennell of Jacksonville. The bride's father officiated at the double-ring ceremony performed at the Lostant, Ill., Methodist church.

"Because," "On Promise Me," "Clare de Lune," and "Liebestraum" were played preceding the ceremony by Miss Doris Ostick, who also played the traditional wedding marches. Mrs. Ralph Samuelson, cousin of the bride, sang "At Dawning" and "The Lord's Prayer."

White organdy fashioned the bride's gown, which featured a lace bertha collar, long pointed sleeves and a bouffant skirt ending in a short train. Her fingertip length veil was caught to a tiny lace cap, and the wedding bouquet was of white orchids and stephanotis.

Attended By Sister  
Attending Mrs. Pennell were her sister, Mrs. Roy Rings of Harvard as matron of honor; Miss Nova Ann Gher of Olney, serving as bridesmaid; and two nieces, Sandra and Meredith Rings, junior bridesmaids. Attired in identical gowns of blue organdy made with lace bertha necklines and full skirts, the attendants

were matching mitts and headdresses of blue lace and carried bouquets of pink daisies.

Harold Day of St. Louis was best man. Ushers were Wayne Hemmings of Jacksonville and Herbert Johnson, brother of the bride.

Mrs. Johnson wore a dress of blue crepe and a corsage of gardenias. The groom's mother was attired in a navy blue dress and also had a gardenia corsage.

A reception at the church followed the ceremony. Refreshments were served from a long table centered with the three-tiered wedding cake.

Guests From Many Towns  
Guests attending were from Chicago, Jacksonville, Harvard, Waukegan, Evanston, Olney, Cambridge, Tonica, Varna, St. Louis and Racine, Wisconsin.

For her going away, Mrs. Pennell chose a suit of toast-colored silk, shantung and brown accessories. Following a brief trip through the Ozarks, the couple are now at home at 1135 West State street.

Mrs. Pennell graduated from Stonington high school and MacMurray College. During the past year she taught in the Farmington high school. Her husband is a graduate of Jacksonville high school and a naval veteran with one year of overseas service. He is now engaged in business in Jacksonville.

### REA Picnic Will Be Held July 25 At Nall's Grove

The third annual REA community picnic and basket dinner is to be held Sunday evening, July 25, at Albert Nall's grove, five miles southwest of Ashland. A basket dinner will be served at 5:30 p. m. (CST). Sponsored by the Menard Electric Cooperative and its membership in this area, the event has formerly been held at Yatesville school.

Each family will take a main dish, sandwiches, tea and a dessert. Coffee will be served. Following the dinner and a social hour, a program of music, speaking and entertainment will be presented. A. E. Becker, manager of the cooperative, will speak briefly on matters of interest to all members. Special guests will include several REA officials from Washington, D. C. The program will conclude with the showing of three sound films of the west—Grand Canyon, Yosemite Valley, and Southern California.

Committees have been appointed for such necessary arrangements as tables, chairs, drinking water and parking space.

### Arrest Salesman After Accident Near Meredosia

An automobile collision on the Meredosia hill, several miles east of that village on Route 104, resulted in the arrest early Saturday morning of a St. Louis salesman whose car is said to have sideswiped another.

Gordon Blaine, 4000 Junite street, St. Louis, was placed under arrest by State Patrolman Charles Batley of Bluffs, several miles from the scene of the collision. Batley said Blaine drove toward Jacksonville after the accident and was overtaken near Bethel.

Blaine's 1938 Ford car is said to have struck a Buick driven by R. L. Broadman of Mattoon. The accident occurred about 12:30 a.m.

The St. Louis man was taken by Batley to the county jail and held pending formal charges.

Plans for a picnic to be held at Nichols park on Sunday, July 25, were made by members of the Pisgah Potluck club at their meeting Wednesday afternoon at the home of Mrs. Clarence Smith. The hostess was assisted by Mrs. Allen Smith.

During the social period, several contestants were enjoyed. The winners were Mrs. Clifford Davis, Mrs. Jane Banman and Anna Mae Cox. Bingo was also played.

Guests at the meeting were Mrs. John Zeller, Mrs. Jane Banman, Mrs. Hattie Castiel, Mrs. Roy Fernandes, Mrs. Helen Forado, Mrs. Mildred Spradlin, Mr. Cockerill, Mrs. May Adams and Mrs. Lucy Cox.

The August meeting will be held at Nichols Park with Mrs. Guy Coultas as hostess, assisted by Mrs. Gus Kilver and Mrs. Cecil Mansfield.

## MRS. PAGE HOSTESS TO ASHLAND HOME BUREAU

Ashland—The Ashland Home Bureau unit met Friday at the home of Mrs. Ivan Page. Eight members and three guests were present. The major lesson, "Good Health Habits," was given by Mrs. William Campbell.

Two 4-H club girls gave a demonstration of the correct way to lay a pattern on material before cutting.

Refreshments were served by the hostess.

Mrs. Anna East and grandson, Richard East, were in Bloomington Wednesday.

Miss Roly Savage has returned to the eye and throat infirmary of a Chicago hospital after spending a few days here at the home of her father, Roy Savage. Roly is a little improved and expects to undergo an operation later.

## Former Pastor Of Westminster Church Dies

Word has been received here telling of the death of Dr. Leonidas H. Davis, pastor of Westminster Presbyterian church from 1908 to 1915. His death occurred at the Presbyterian hospital in Hollywood, Calif., in which city he had made his home since leaving here.

Dr. Davis was born in Kokomo, Ind., educated at Oebelin college and Union Theological Seminary and traveled extensively in Europe and the Near East.

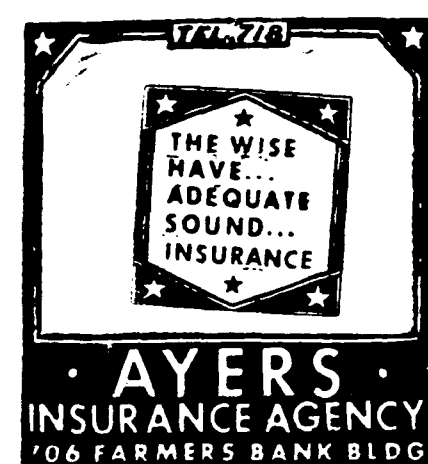

He will be remembered as one of the most scholarly and inspiring preachers ever to hold the pastorate of Westminster church. Before coming here, while pastor of the Presbyterian church in Grand Rapids, Mich., he united in marriage Senator and Mrs. Arthur T. Vandenberg.

There are no survivors. His wife died soon after leaving here. Memorial services were held for Dr. Davis July 9 in Hollywood. The services were followed by cremation.

## Vote July 24 In Jersey County On Hospital Issue

Jerseyville—A special election will be held in Jersey county July 24th to vote on the proposal to create a hospital authority in the county. The favorable outcome of the election would be the first important move in the direction of obtaining a hospital in the community.

Jersey county at the present is divided between two state hospital areas, the Boyd Memorial hospital at Carrolton taking in northern Jersey county and the Alton hospitals serving the southern part of the locality.

The polls will open at six a. m. Central Standard Time and close at five o'clock. The votes will be cast at the regular polling places in all of the townships except Jersey and Quarry. In Jersey township, the four Jersey precincts will vote at the courthouse and in Quarry the votes will be polled at the American Legion hall in Grafton.

## Wildcats Outscore Jay Cee Girls For 4-2 Win Saturday

Although trying desperately to get back into the ball game by threatening seriously in each of the last three innings, the Jacksonville Jay Cee restaurant girls dropped a hard 4-2 decision to the Jarvis Wildcats of Decatur at Nichols Park diamond Saturday night.

Bert Lauder and Decatur's ace mound worker, Gisinger, locked in a scintillating pitching duel until the fifth, when the visiting aggregation bunched four hits for three runs. After the Jay Cee girls had pulled back to a 3-2 with one run in the fifth and one in the sixth, the Wildcats pushed across their final tally in the top of the seventh.

The Jay Cees loaded the sacks in the fifth, sixth and seventh, but each time the Decatur defense tightened to hold off defeat.

The Wildcats are rated one of Illinois' finest outfits this season, having lost only to the Caterpillar Dismettes.

## CHICAGO LIVESTOCK MARKET REPORT

Chicago, July 17.—(P)—Livestock were nominally steady today, hogs being quoted in a \$22.25 to \$22.25 range.

During the week various monthly and all-time records were equalled or shattered. However, best prices were paid in the early days of the week. By the close, many offerings were bringing less than a week ago.

Butcher hogs ended the week 25 to 75 cents lower. Sows dropped 75 cents to \$1.50.

Three prime head of steers sold at \$41.00 during the week, a new seasonal record. High choice steers and yearlings ended strong to 50 cents higher. But most other sections of the cattle market recorded losses.

Spring lambs ended the week \$1.00 lower after equalling the all time high of \$32.50 on Tuesday.

## WHEAT PRICES SLIP FURTHER; FEED GRAINS SLUMP

Chicago, July 17.—(P)—Wheat prices slipped further on the Board of Trade today, the July contract going 1/2 cent lower to \$2.10.

Wheat heading pressure was enough to knock prices down in view of limited milling and speculative demand.

Feed grains also slumped. Weather was mostly clear in the Midwest, speeding the oats harvest. That caused liquidation in July oats. Corn weakened on a good increase in cash corn offerings on a to arrive basis from the country. Bookings totaled more than 100,000 bushels.

Soybeans broke again in early dealings but quickly reversed their trend. The July contract came back sharply, being bid up the 8 cent daily limit at \$3.82 at times. Washington news dispatches raised the possibility of action on the bill to remove federal taxes on oleomargarine at the forthcoming congressional session.

Private cables said heavy rains were falling in central Europe, causing complaints of damage to the wheat crop from lodging and flooding.

Wheat closed 1-1/2 lower, July \$2.84, corn was unchanged to 1/2 lower, July \$2.05, oats were 1 to 1/2 lower, July \$1.88, rye was unchanged to 1/2 lower, December \$1.88, and soybeans were 2 to 4 cents higher, July \$3.78.

Preliminary estimated receipts of grain in carlots here today: wheat 313, corn 56, oats 44, rye 3, barley 6, and soybeans 17.

## Markets at a Glance

Chicago, July 17.—(P)—Wheat—Easy; heading pressure. Corn—Easy; larger cash offerings from country.

Oats—Easy; good harvesting weather. Soybeans—Firm; technical rally after recent declines.

Hogs—Nominally steady. Cattle—Nominally steady.

Every state in the union has experienced temperatures of 100 degrees or over, according to the Encyclopedia Britannica.

## Durocher Claims He Was Asked To Quit Dodgers

Pittsburgh, July 17.—(P)—Leo Durocher, new manager of the New York Giants, tonight said "I was asked to resign as manager of Brooklyn."

Durocher made the statement shortly before the Giants prepared to leave for Cincinnati.

Asked if Branch Rickey, owner of the Dodgers, had asked him to quit, Leo replied:

"No, Mr. Rickey didn't actually ask me. He sent Harold Parrott (secretary of the Dodgers) to ask me."

When asked if he and Rickey "are still friendly," Leo declared:

"I don't have anything else to say. You've got the story—I was asked to resign and that's that."

## Cardinals' Coach Names Rival Bears As Team To Beat

Chicago, July 17.—(P)—Coach Jimmy Conzelmann of the National Football League champion Chicago Cardinals today gave the crying crowd a brisk warning and named his cross-town rivals, the rebuilding Bears, as the team to beat next fall.

Silver-thatched Conzelmann sees nothing but trouble ahead for his Cardinals whose chief improvement will be that they will be one year more experienced next fall.

The first big headache, Jimmy said at a press conference, the Cardinals' Aug. 20 date with the College All-Stars at Soldier Field.

"After what Frank Leahy's All-Stars did to the bears last summer, I know we're in for a whale of an argument," he moaned.

"We go into training on July 30 which gives us only three weeks to get our dreadnoughts into shape. Oh, those big 250 pounders can get into shape in that time, but they so weaken themselves that they may run out of gas against Leahy's kids."

The National League campaign, itself, will be all Chicago Bearish, according to Conzelmann.

"Johnny Lujack, Bobby Layne, George Connor and Washington Serini all have been acquired by the Bears to give them strength where they need it," said the worried Cardinal boss.

"In this game, a little recognized, but highly important factor is pass defense, and the Bears got a magnificent pass defender in Lujack."

The most improved team in the league, Conzelmann said, would be the New York Giants. Every other club has acquired several key newcomers to make the Cardinals' title defense more difficult, he sadly concluded.

# Durocher's Giants Beat Pirates 6-5, Brooks Win Twice

Pittsburgh, July 17.—(P)—Leo Durocher's debut as manager of the New York Giants proved a success today as his new team came from behind to nip the Pittsburgh Pirates 6-5.

A single by pinchhitter Bobby Thomson with two out and two on in the seventh inning scored the tying and winning runs. The Giants had opened up a 4-0 lead in the first inning, but saw it disappear in the seventh when Ralph Kiner hammered his 25th home run with two mates aboard to put the Bucs ahead 5-4.

Young Alex Konikowski, third Giant pitcher, hurled scoreless ball in the last two innings to receive credit for the victory. He replaced Ken Trinkle, who relieved starter Sheldon Jones with two on and two out and fed Kiner the home run ball.

The Pirates used four pitchers with Higbe being tagged with the defeat. The victory pulled the fifth place Giants up to the 500 mark, eight games off the pace.

Cubs Stop Braves 4-1  
Chicago, July 17.—(P)—Ralph Hamner, who was routed by the Boston Braves Thursday before he could get a man out, came back today and slammed a four-hitter into the teeth of the league leaders to pace the Chicago Cubs to a 4 to 1 victory.

The Cubs nailed down the decision by rapping Warren Spahn for three runs in the fourth inning. Andy Pafko smashed off his 15th homer to launch the uprising. Bill Nicholson then singled, Hal Jeffcoat walked and both romped home on Bob Scheffing's double. The final Cub run came off Al Lyons in the eighth.

Phils Nose Cards—11 to 10  
St. Louis, July 17.—(P)—The bats of Granville Hamner and his teammates proved to be good for one run more than the bats of Stan Musial and his mates today as the Philadelphia Phils nipped out the St. Louis Cardinals—11 to 10.

Hamner used two doubles and a single to drive in seven of the Phils although he didn't score himself, while Musial collected four in one trip, lining a home run onto the right field pavilion roof in the second inning with the bases full.

Del Ennis also pounded out two doubles, batting in three runs in the 11-hit attack on five Redbird pitchers. Those same pitchers gave up nine free passes to first base which were largely responsible for the Philadelphia victory.

The victory was the first for acting manager Allen (Dusty) Cooke who took charge of the team yesterday.

Brooks Sweep Twin Bill  
Cincinnati, July 17.—(P)—The Brooklyn Dodgers, under the direction of their new manager, Burt Shotton, swept both ends of a double header from the Cincinnati Reds today 8-4 and 10-4 to advance into a third place tie with the St. Louis Cardinals.

The Dodger triumphs, coupled with defeats suffered by Boston and Pittsburgh, boosted the Dodgers to within a half game of the second place Pirates and seven games behind the league leading Braves.

Jackie Robinson was the batting star of the opener. He hammered a home run with two on in the eighth inning to snap a 4-4 tie.

Ralph Branca, who bowed out for a pinch hitter was the winner. Harry Gumbert, third Red liner, was the loser.

George Shuba hammered his third home run of the year in the fifth to break a 4-4 tie. Ted Kluszewski homered for the Reds.

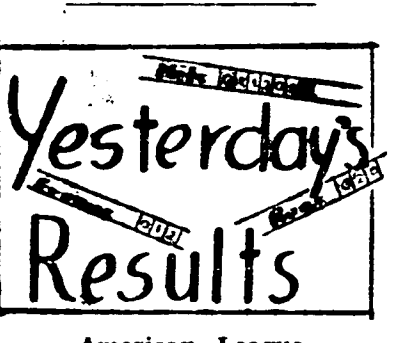

Paul Minner, who replaced starter James I. of England.

## Mr. Busher Takes Arlington Futurity And \$77,625

Chicago, July 17.—(P)—The undefeated Mr. Busher today proved to the satisfaction of 25,455 race goers at Arlington Park that he is the wonder horse of the nation's flashiest two year olds.

The Chestnut son of War Admiral and a full brother to the famed Busher, champion racing mare of 1945, drove to a length and a quarter victory in the \$77,625 Arlington futurity.

Olympia saved second place from Provocative by three quarters of a length. Busher covered the six furlongs in 1.11.

The triumph netted Busher's owner, Mrs. Elizabeth Graham, New York City, the Elizabeth Arden of the cosmetics world, \$67,725.

Mr. Busher returned \$840.

## Coach H. Miller Leaves Roodhouse For Michigan Post

By JOHN CAMPBELL  
White Hall.—(Special)—Harold Miller, assistant coach at Roodhouse, has left for Michigan to accept a position in the Rochester, Mich. school system.

Bill Richards, a big lad and a transfer from Kane high school, will probably be a candidate for a guard tackle spot at White Hall this year. Coach Neil Walker has several promising lettermen returning.

Bob Tennill and Hal Benner, backfield stars for Coach Mason Campbell at Roodhouse high school last season will be playing in the line in 1948. The reason for the switch—

needed for added weight in the forward wall. The Railroaders are defeating Illinois Valley conference champions.

White Hall will play in Griggsville for the first time since 1931 this season when Coach Howard Berline takes his Maroons to the Pike county town. White Hall also goes to Hardin, Palmyra, Mercedosa and Arenzville in non-loop tests.

Roodhouse high school's cagers have carded tilts with Wood River, Arenzville, Jacksonville, I.S.D. and Waverly outside of conference competition next season.

Mobile, Ala., July 17.—(P)—One of baseball's current mysteries—how old is Satchel Paige—was cleared up today.

His mother, a spry, white-haired woman of 78, says he's 44 years old. The ageless cannon-ball chucker of the Cleveland Indians was born here in Mobile, right on the shore of Mobile Bay, in fact.

"I'm sure he's 44," Mrs. Tula Paige said. "I remember something came up once about changing his age when he left to play ball in Chattanooga back about 1927, but he's really 44."

"My boy has always loved baseball," she said. "Why, he'd rather play baseball than eat. It was always baseball, baseball."

She said Satchel comes to see her after the baseball season is over each year. Last year Satchel wanted her to come to live with him in Kansas City, but she preferred to stay in Mobile.

"It's home here," she said.

## Bitter Reprieve

By Drexel Drake

Copyright, 1948, Charles M. Huff; Distributed by MEA SERVICE, INC.

**THE STORY:** Playboy Marcus Sterling has stolen his wife's diamond necklace and handed it over on security on a \$10,000 gambling debt to racketeer Harry Hindle. To cover the theft, perpetrated while his wife slept, Sterling makes it appear a professional burglary. He then goes to Edgecraft Country Club to spend the night and establish an alibi. Along with the necklace, he has also taken a sealed packet from his wife's safe. This, Marcus discovers later, is \$10,000 in cash which Hindle had withdrawn from the bank to give him.

Next morning, Police Lt. Talent arrives at the Sterling household. Mrs. Sterling has been found murdered in bed. The wall safe in her room has been ransacked and everything points to robbery. Talent discovers Marcus' checkbook, with a stub dated the previous day made out to \$10,000 cash. The maid, Stella Nelson, tells him Mrs. Sterling always kept her diamond necklace in the safe.

At the club, Sterling excuses himself from an early golf date. He gets rid of Marcus' cash by mailing it in a sealed packet to his secretary, Miss Wilson. He phones her to hold for him.

**MARCUS STERLING**, crossing from the telephone booth and bound for the locker room, smiled impersonally, conveying no more than casual clubhouse courtesy, when he found the mild blue eyes of the tall man grinning at him. "Mr. Sterling?" Talent inquired. "Yes," Sterling admitted, halting, his smile persisting. "I'm Christopher Talent."

"You wouldn't know me," Talent glanced back toward the desk. Johnny Geer, having taken over from young Bob Davis, was within earshot. "Could we go somewhere to talk?"

"Well . . . I'm just about due on the tenth tee and I still have to change to my golf shoes. Important."

"Very," Talent said. The grin had vanished from his eyes. Sterling led the way to one side of the foyer. When he indicated chairs, Talent said, "I guess we won't want to sit down. Been in touch with your home this morning, Mr. Sterling?"

"Right, Mr. Sterling. Sorry. Giving up your room?"

## Exhibitors Preen Prized Livestock For Annual Fairs

By this time next month thousands of visitors at the Illinois State Fair will move through the alleys of the stock barns. They will sit in the arenas and pavilions watching the gorgeous parade of the finest livestock in the world.

"How do they get them looking so beautiful?" is a question one often hears. The "they" refers to the owners and handlers; "them" indicates the animals.

Combination Of Efforts Nobody can definitely answer this inquiry. One can say it is a combination of selection, feeding, grooming, training and showmanship. But even this reply falls far short of the truth, for zealous exhibitors can keep one secret, if no other. You can't learn from them just how they "fit" their choice specimens.

"Fitting" is the phrase for getting an animal so he'll look his very best when the discerning eye of the judge sweeps along the line of sleek competitors.

Selection is the No. 1 problem. Experienced showmen can look at a day-old litter of purebred pigs and point to "a possible winner." The little fellow already shows blue-ribbon points.

Usually no special attention is paid to him for several months. He goes along with his brothers and sisters, eating the same food and playing with them. That's before he begins to get "fitted."

From that day forward he's pampered kid. He eats fine grub. But he's got to learn a bunch of tricks. Some can and some can't.

Feed depends upon the class to be entered. Oftentimes it comes at regular intervals, four times a day. The ration is designed to whet the appetite and insure a higher food intake. Concentrated vitamins, cod-liver oil, fresh milk are often used. Butter milk in fresh, semi-solid or dry form is a favorite with many feeders. Eggs, sugar and molasses are sometimes used.

These specialties are in addition to the finest obtainable grains. Linseed and cottonseed meal, dried sugar beet pulp, bran, middlings and shorts are usually used. Some men favor tankage and blood meal. The feeding often comes in a wet mash form. The hay must be fine and bright.

Grooming is an important part of the final schedule. The animal must have a mellow skin and a silky coat of hair if he's to get in the money. Special types of curry combs and brushes are employed regularly. An all-over bath with tepid water is used to clear the hair of dirt and dandruff.

Correct Trim Necessary Clipping and shaping are all important, particularly in sheep. There the wool is blocked along true level lines on the back and sides, with graceful curves around the head, neck, breast and hindquarters. The idea is to indicate a perfect mutton carcass beneath the fleece.

Horns and hoofs are shaped and polished. Emery cloth is often used. Many exhibitors have their favorite polishing paste recipe.

The aspirant for purple ribbons must be trained to look sharp all the time. His exercise is designed to teach him to move gracefully and easily under all conditions. When he stands still, it must be in

## Haircut For Little Ike

Margaret, a half-sister, pokes her nose into the picture of Little Ike getting his first haircut. Ike, four and one-half months old, is a purebred Oxford. His barber and owner is Gilson Robinson of Carlinville, who has exhibited sheep for 16 years, ever since he was ten.

The photo was taken at the Greene county fair, one of the curatorial-raises for the biggest agricultural exhibitions of them all, the Illinois State Fair. It opens Aug. 13, closes Aug. 22.

The sheep blocking and trimming contest will be held in the arena at 7:30 p.m. Wednesday, Aug. 18. Robinson asked, "When is Morgan county going to have a fair?" I showed there four or five years and it was one of the best." When told the association expects to launch the revived fair in 1949, he declared, "I'll be there."

A statuesque pose, with his weight balanced just so.

Cooperation Mandatory The final requisite is a fine degree of showmanship on the part of both the animal and the handler. The antics of the latter vary considerably. Some look like candidates for a lunatic asylum; others are as cool as a cabbage leaf. Both are seeking to have their pride and joy looking his very best every minute.

Many men, women, boys and girls on the farms of west central Illinois are "fitting" their entries for the big fair at Springfield next month. Skilled judges and thousands of interested spectators will be on hand to decide how well they have done.

## Dessert Bridge Held Recently At Garner Home

Chandlerville—Miss Lucille Garner was hostess at a dessert bridge party held Friday evening at her home.

Two tables of auction bridge were in play. Prizes were awarded to Miss Kathryn Mae Wahlfeld, high; Miss Louise Neff, second, and Mrs. Louise Davismeier, travelers.

Guests included Mrs. Miles McDonald, Mrs. Paul H. Abbott, Mrs. Dale Huffman, Mrs. Louie Davismeier, Mrs. Budette Hoon, Miss Louise Neff, and Miss Kathryn Mae Wahlfeld.

Miss Mary Louise Dorr of East St. Louis arrived home Friday to spend a few days with her parents, Mr. and Mrs. H. O. Dorr. Miss Dorr will receive her masters degree from Washington University in St. Louis this month.

Miss Marjorie Watkins has purchased the Andy Hawkins residence. Alvin Gebhards returned home Friday from a visit at the home of his son, Dwight Gebhards, and family of Peoria.

## New Civic Club At New Berlin Plans Election

New Berlin—The first regular meeting of the Men's Civic club will be held July 22 at 8:30 DST in the Legion hall. At this meeting permanent officers are to be elected. The club's constitution was adopted at the June 14 meeting.

The New Berlin Boys 4-H club toured Springfield Thursday, visiting Producers Dairy and the Pillsbury Mills. Following luncheon in town, they went to Lake Springfield for a swimming party and picnic supper.

Monday evening the American Legion Auxiliary held their regular meeting at the Legion hall. The following officers were elected: Mrs. Hazel Hermes, president; Mrs. Minnie Marie Cody, vice president; Mrs. Kate Cole, treasurer; Miss Adrienne DeWan, historian; Mrs. Eunice Burgess, sergeant-at-arms; and Mrs. Gussie Walters, chaplain.

An all day meeting was held Thursday by the Woman's Society of the First Baptist church. The group met at the church with Mrs. Buena Zude and Mrs. Blanche Bergschneider as hostesses. A program following the potluck dinner was arranged by Mrs. C. B. Shuff. After the program a White Elephant auction sale also was held.

## Shandrow Services Held On Saturday At Alsey Church

Winchester—Many persons attended funeral services for Miss Marjorie Bell Shandrow, held at 2:30 p.m. Friday at the Alsey Baptist church. The Rev. M. R. Garfield officiated, assisted by Elder William Boston.

Three selections were sung by Clara Mikus, Mrs. Wayne Stoneking, Joan O'Reilly, and Barbara Palmer.

The floral tributes were cared for by Dorothy Jean Hankins, Vera Young, Paye Northrop, Patricia Young, Janet Pahlman, Virginia Henderson, Lois Waltrip, and Tresa Pahlman.

Active pallbearers were Robert Fryman, Reginald Hankins, Robert and Herman Pahlman, Earl Mikus, and Merline Shandrow. Gerald McGlasson, Richard George, Donald Hanback, Wayne King, Robert Winder, Dan McLaughlin, Harry Lee Northrop, and Raymond Young were honorary pallbearers.

Burial was in Bowers cemetery east of Alsey.

## Last Tribute Paid To Gen. Pershing By War Veterans

by Elton C. Fay Washington, July 17—(P)—Veterans of America's wars paid their informal farewell today to General John J. Pershing, whose military career spanned the Indian tomahawk and the atomic bomb.

The body of the 87-year-old general of the armies lay in the chapel of Walter Reed hospital, where he died Thursday morning. Relatives, intimate friends, and patients at the hospital where he spent the last ten years of his life were permitted to file by the bronze casket.

The long years of illness had left their marks on the austere face with its closely cropped mustache. Light gleamed softly on the general's shoulder stars and the ribbons of two of his many decorations—the Distinguished Service Cross and the Distinguished Service Medal.

A polished Sam Browne belt crossed his chest, World War I style. Sentries stood at each end of the coffin and behind it. As the honor guard was changed, the soldiers' white-gloved hands slapped sharply against the stocks of their bayoneted rifles.

Veteran soldiers, some of them in wheel chairs, passed by. Nurses in working uniforms came for a last look at their famous patient.

Tomorrow noon the body will be moved to the rotunda of the capitol to lie in state. Thousands of Americans, humble and powerful, are expected to stream past for a last look. Selected troops from the Third Infantry will stand watch.

Elaborate preparations have been made for the funeral services Monday.

## Winchester Legion Plans Homecoming, Burgoo August 5

Winchester—Plans are being made by the Julian Wells post of the American Legion for its annual homecoming and homecoming. The Legion Auxiliary will assist with the event to be held Thursday, August 5, at Monument Park.

Clifford Allan, Sr., of Rigston will make the burgoo. A number of prizes will be awarded, and cake prizes will be on display in the Farm Bureau window in the near future.

Bingo games will be in progress during the afternoon and evening. There will be rides for the children as well as other games and concessions.

Entertainment will be furnished by the Prairie Pioneers of WLDS, the Springfield VFW clown band, the Julian Wells post male quartet, and the Bluffs and Winchester high school bands. Dancing will be held from 9:30 p.m. until midnight in the pavilion.

## Lewis Rites Held At Berea Saturday

Funeral services for Mrs. Lillian M. Lewis were held at 3 p.m. Saturday at the Berea Christian church. R. E. May officiated, and music was provided by Mrs. Von McClure and Mrs. Jesse Petefish, who were accompanied by Mrs. Harold Stewart.

Caring for the flowers were Mrs. Dale Lepper, Mrs. Ward Petefish, Mrs. Wilbur Oxley, Miss Lorene Stewart, Miss Oley Beilschmidt, and Miss Mary Lou Petefish.

Pall bearers were Jesse Petefish, Harold Stewart, Grover Lewis, Harlin Lamular, Lyman Fox, Alonzo Twiford, Lloyd Plinn, and William Beilschmidt.

Burial was in Yatesville cemetery.

## Derby Course Set Up On Grove Street; First Race Starts At 1 P. M.

At one o'clock sharp this afternoon a sleek racer piloted by Lawrence Crawford, Jr., will hurl down Grove street to set the official pace for the 1948 Soap Box Derby. Thousands of people are expected to line Grove street to watch 46 battle-keyed youngsters pit their skill to determine who will represent Jacksonville in the vaulted race in Akron, Ohio, August 15. Crawford is last year's champion.

The Jacksonville Journal Courier and the Corn Belt Chevrolet company, in cooperation with the Exchange club, have perfected plans to run off Derby day smoothly. Detailed machinery has already been set into operation.

At 1 p.m. a brief ceremony will be held to officially begin the race. Robert A. Fay of the Journal Courier will officiate. This ceremony, which will culminate in Crawford's pace setting run, will take the place of Derby parade. Contestants have requested this year that there be no parade. They want every spare minute to work on their cars before their big moment.

Cars Start From Ramp The ramp was built slightly east of the intersection of Park and Grove streets. T. C. Bethel, chairman of the Exchange club ramp committee, will be assisted in the construction by 15 union carpenters.

To improve the ramp this year, boards constituting the top-surface of the down grades were laid diagonally in line with the pavement. Before boards were laid at right angles to the direction of the pavement. This, former drivers state, slows racers and makes driving extremely difficult. In the past, many drivers have lost control of their cars when coming off the ramp.

The ramp was built on the Illinois college campus, set on rollers, and will be rolled into position on Grove street this morning. Derby pits will be directly behind the ramp and will extend from Grove to Mount on Park.

City police will close Park and Grove streets early Sunday morning to traffic. City officials state that buses will run west on Edgemoor to Lincoln, and north on Lincoln to Mount, beginning at noon.

It is requested that residents on Grove and Park streets move their cars early Sunday morning. These streets will probably remain blocked until late Sunday afternoon.

A unique timing device, successfully put into operation last year, will be used again this year. Red and amber blinker lights will flash at the ramp as the boys thunder down. As the boys cross the finish line, an electrical device blinks the respective lights. This device times to a split second.

To enhance the prosecution of the race, track officials will communicate by special telephones. Special wires have been placed for this purpose. Wallace Baptist is chairman of the track operations. He is assisted by three electricians, John Hegarty, Stanley Gillett, and H. J. Goults. Director of heat's on ramp is Bruce Thomson, and his two clerks are Gaylord Swisher and Walter Hamilton.

Every heat will be broadcast to onlookers. Announcers are Nate Egner and Willard Cody.

As in the past, no one will be allowed on the track except Derby officials. This rule is rigidly enforced. This year a snow fence will be placed along both sides of Grove street to hold the crowd back and to keep wild cars from crashing into the crowd. Chick Henske is directing track safety operations. Two trucks of the Morgan county Highway department and one truck of the Jacksonville Transportation company will haul the fence in early Sunday morning.

City police will be on duty at all intersections off Grove and Park streets to direct traffic.

To Award Prizes Following the race Robert A. Fay will award prizes to winners. These prizes include medals for the top three drivers of both classes, Shell cup for fastest heat of the day; best upholstered car; best constructed car, and the N. Dreystadt award given to the Jacksonville champion.

Every boy who enters the race will receive a ball and bat from the Exchange club. Hence in the 1948 Soap Box Derby there will be no losers.

The city street department will paint a white line down the center of Grove and will paint the finish line.

For heat victims and possible accidents, a first aid tent will be located just east of the finish line on the south side of Grove.

Bessie Spaulding, health nurse, will be on duty during the race.

Concession stands will be conveniently located to offer refreshments to the crowd. Boy scouts will sell pop and ice cream up and down Derby course.

Free programs have been printed and will be distributed through the crowd Sunday afternoon.

Handy score cards within the program will allow spectators to follow the progress of the race.

Profits from the race will be used for the Exchange Club milk fund, and for expenses of the race.
